RE: Clarification Regarding 'Federal Publishing' Materials Not a United States Department Of Agriculture Publication

Original Signed

This memorandum serves as a clarification to all Local Educational Agencies (LEAs) regarding a publication that appears to be endorsed by the United States Department of Agriculture (USDA). The publication entitled, "**USDA** United States Department of Agriculture and **FDA** Food and Drug Administration *Compliance Journal* 2007", is being marketed by a private company, Federal Publishing Limited, Inc. (*aka* Federal Publication), of Miramar, Florida.

This publication is not issued or approved by the USDA. In addition, this publication is **NOT** required for state agencies' or school food authorities' participation in the USDA's National School Lunch or School Breakfast Programs. Please note that the Arizona Department of Education (ADE) has material and guidance regarding compliance with requirements of the National School Lunch and School Breakfast Programs available at no cost. For more information please visit the ADE Health and Nutrition Programs website www.ade.az.gov/health-safety/cnp/nslp/GuidanceManual/.
